

LASER AND THERMAL CAMERAS

THERMAL CAMERA TG297

DETAILS

- Industrial diagnostics that combine precise temperature measurement with the ability to capture images of temperatures up to 1030 °C
- Ideal for high temperature industrial applications such as heat measurement of glass furnaces, drying ovens and forges.
- Diagnose problems faster on extreme heat targets by using the high temperature filter on the lens to create a detailed image
- MSX and Bluetooth functionality
- 160 x 120 IR camera (19,200 pixels)
- Automatic image adjustment
- IP54 RATING
- Memory: 4 GB
- LED lamp and laser pointer with bull's eye
- Rechargeable lithium-ion battery
- Drop-proof up to 2 m
