

METRICA
MADE TO MEASURE

FLASH

LASER DISTANCE METERS

HSA TECHNOLOGY

Horizontal Sound Assistant:

repetitive warning beeps when the instrument is horizontal ($\pm 2^\circ$).

The instrument is equipped with **HSA (Horizontal - Sound - Assistant)** technology, an automatic warning system (continuous high-frequency repetitive beeps) which is triggered when the instrument is horizontal ($\pm 2^\circ$) in both pointing and measurement mode.

When the instrument is tilted beyond the horizontal threshold ($\pm 2^\circ$), the beeping stops.

mini 30

- 2 Pythagoras functions
- **Accuracy ± 3 mm**
- 50 Memories
- **Built-in rechargeable battery**
- **Pocket size**

CHARGING CABLE

30m

Code **61110**

Metrica One 30

- **Accuracy ± 2 mm**
- Alkaline batteries
- Compact size
- **Horizontal display and large digits**

30m

Code **61120**

GO 40

- 4 Pythagoras functions
- **Accuracy ± 2 mm**
- Alkaline batteries
- Lightweight, pocket-sized

**min
max**

m²

m³

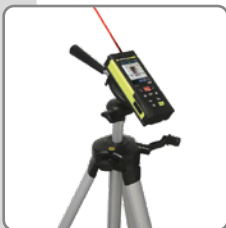

40m

Code **61134**

FLASH 30 | FLASH 60

- 1/4" thread for tripod connection
- Extractable rod for diagonals
- 4 Pythagorean functions
- Accuracy ± 2 mm
- Alkaline batteries
- 99 memories

30m

60m

Code **61130**

Code **61155**

ALU 60

- Aluminium body
- Horizontal display and large digits
- Room Painter function
- 4 Pythagoras functions
- Accuracy ± 2 mm
- Built-in rechargeable battery
- Lightweight, robust, pocket-sized

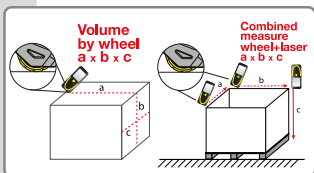

60m

Code **61661**

Point 2 Point 60

- **Point-to-point function:** provides distances between 2 points in space
- **Wheel for contact measurement** on bodies without protruding ends (e.g. boxes)
- **Laser bar for alignment**
- Horizontal / vertical inclinometer
- Electronic bubble
- Screen rotation
- 1/4" thread for tripod connection
- Removable rechargeable batteries
- Accuracy ± 2 mm
- 6 Pythagoras functions

60m

Code **61260**

Green 60 | Green 100

- Green laser beam
- Exclusive HSA (Horizontal Sound Assistant) function
- Room painter function / sum of surfaces/volumes
- Inclinator
- Removable rechargeable battery
- Accuracy ± 2 mm
- 4 Pythagoras functions
- 1/4" thread for tripod connection
- 99 memories

60m

100m

Code **61060**

Code **61100**

FLASH 80

- 6 Pythagoras functions
- Electronic bubble
- Horizontal/vertical inclinometer
- Support for diagonals
- Accuracy ± 2 mm
- Removable rechargeable batteries
- 1/4" thread for tripod connection
- 99 memories

80m

Code **61180**

DOUBLE LASER INCLIGRAD 50

- **Direct measurement from ceiling to floor**
- **Horizontal / vertical inclinometer**
- **Screen rotation**
- 50 m range (indoor): 30 m (front) + 20 m (rear)
- Front or rear beam selection only
- Built-in rechargeable battery
- **Accuracy ± 3 mm unidirectional**
- 2 Pythagoras functions
- 50 memories

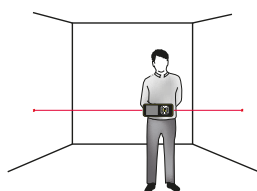

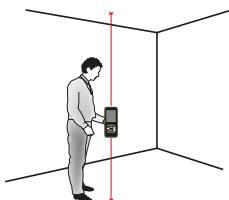

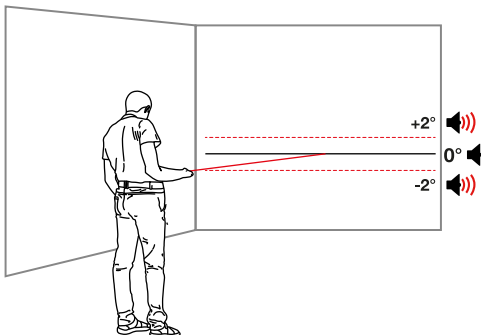

50m

Code **61114**

DOUBLE 60+60 ALU

- **Exclusive HSA (Horizontal Sound Assistant) function**
- **120 m range (internal): 60 m (front) + 60 m (rear)**
- Possibility of selecting front or rear beam only
- **Aluminium body**
- **Black and white screen selection**
- **Rear built-in magnet**
- Horizontal/vertical inclinometer and 0° and 90° indicator
- Screen rotation
- Room Painter function
- Accuracy ± 2 mm unidirectional
- 5 Pythagorean functions
- Built-in rechargeable battery

120m

Code **61662**

NEW

MAGNETIC BASE

SCREEN SELECTION

c100

- **Camera with viewfinder for aiming**
- **Horizontal/vertical inclinometer and electronic bubble**
- **Exclusive HSA (Horizontal Sound Assistant) function**
- Support for diagonal braces
- Guided tracking
- **6 Pythagorean functions**
- 100 memories
- Measurement timer
- 1/4" thread for tripod connection
- Accuracy ± 2 mm
- Removable rechargeable batteries

DUAL INCLINOMETER

CHARGING CABLE

SQUARE FOR DIAGONALS

1/4" THREAD AT REAR FOR TRIPOD MOUNTING

100m

Code **61186**

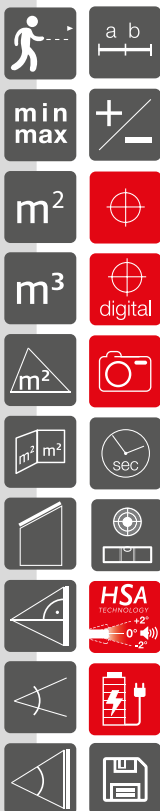

TARGET CAMERA

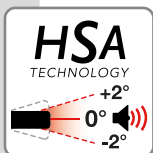

- The camera displays the point where the distance is measured.

120 zoom

- Camera with 4X zoom function
- Photo with metering, video, voice recording with 16 GB memory
- Room Painter function with floor & wall surface and perimeter measurements
- 7 Pythagoras functions
- Horizontal / vertical inclinometer and electronic bubble
- **Exclusive HSA function (Horizontal Sound Assistant)**
- Rod for diagonal measurements
- Guided tracking
- Measurement timer
- 1/4" thread for tripod connection
- Accuracy ± 2 mm
- Removable rechargeable batteries

120m

Code **61190**

4X ZOOM CAMERA

- Displays measured point and distance

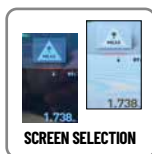

1/4" THREAD
AT REAR
FOR TRIPOD
MOUNTING

300 zoom

- **Camera up to 300 m**
- **4x zoom and Point Finder viewfinder**
- **Photos with measurements**
- **Screen capture with recorded measurement**
- **100 photo memory with measurements**
- **Exclusive HAS (Horizontal Sound Assistant) function**
- Horizontal/vertical inclinometer with indicator
- Point-to-point function: provides distances from 2 points in space
- Accuracy ± 2 mm
- **IP 65**
- **Rechargeable cable or wireless batteries**
- Surface, cylinder and cylinder volume triangle trapezoid function
- Screen rotation
- 1/4" thread for tripod connection
- 5 Pythagoras functions
- **Black and white screen selection**

300m

Code **61270**

4X ZOOM CAMERA

- Displays measured point and distance
